A Guided Tour to Northern Metropolis
10 November 2026

Northern Metropolis - Hong Kong's Anchor for Future Growth

As a flagship development of the HKSAR, the Northern Metropolis is set to transform Hong Kong into a world-class hub for innovation, technology, and cross-boundary collaboration. Covering an area of approximately 30,000 hectares, the district integrates advanced infrastructure, strategic connectivity, and policy support, positioning itself as the city's next economic powerhouse and a vital platform for engine seeking long-term opportunities.

Itinerary Includes Visits to:

- Hong Kong-Shenzhen Innovation and Technology Park (HSITP)
- Kwu Tung North site office
- Hung Shui Kiu / Ha Tsuen New Development Area Community Liaison Centre

Guided tours and briefings will be provided on the latest developments in these areas.

Why You Should Join the Visit

- Gain first-hand insight into anchor projects shaping Hong Kong's future economy
- Explore innovation clusters and advanced infrastructure supporting enterprise growth
- Understand policy initiatives designed to empower business development
- Identify opportunities for business participation, collaboration, and market expansion
